

CHANGE, IT IS A COMIN'

We've made a change to your membership coupon! For quite a while, some of you have indicated that you would prefer to get the newsletter online. You would like to see your issue in color. You want us to be kind to the environment and save paper. You say it would also save the Society a lot of money. And if you want hard copy, you can just print it out.

But others of you have said you **don't** want to change the way you get your newsletter. You like getting it in the mail, turning the pages, and smelling that wonderful aroma of paper and ink.

Well, we may be able to please ALL of you. Below is the new coupon. All we've done is add a line that says:

I would prefer to get my newsletter online. My email address is: _____

Those of you who would prefer to get your newsletter online need to check the box and add your email address. And snail mail the coupon back to us.

Those of you who want to receive the newsletter in your physical mailbox don't have to do anything.

Now, if your dues are paid up, just send us the coupon with your name and email address to alert us of this change. You can even include a quick note to wish us Happy New Year if you feel so inclined. (We love it when our members are happy!)
